

Toms River Township celebrated the opening of their state of the art animal control facility on May 18, 2014.

Personnel at the Toms River Township Animal Shelter tour a group around the new facility.

Toms River Township Opens State of the Art Animal Shelter

On Sunday, May 18, 2014, Toms River Township held a ribbon cutting ceremony to officially open their new animal shelter. In a time when most municipalities are cutting animal control budgets, Toms River has risen to the challenge of providing necessary services to their citizens.

Besides the new state of the art facility and the quality of their personnel and volunteers, the location of the shelter is of special interest. Unlike most facilities that are in a secluded area of town, this program is located directly behind the Toms River Township Police Department Headquarters, in the middle of several athletic fields. In addition, it is located adjacent to the Police K-9 training area. This high profile location, will no doubt contribute to many more adoptions and re-homing of stranded and abandoned pets.

To our friends in Toms River...Congratulation on a job well done! THANKS for helping to lead the way!
